*Brut Nature*

Press release

# Champagne Barons de Rothschild presents its new cuvée BRUT NATURE

This non dosed cuvée is distinguished by its harmony and its modern style, combining finesse and elegance.

*“The Brut Nature cuvée is the definition of the most accomplished purity. Authentic, it sublimates the attention needed to express the full expression of the terroir. This new zero dosage cuvée is a reflection of the Barons de Rothschild vision, faithful to its values of exception, finesse and harmony.”*

*Frédéric Mairesse, Managing Director of the House*

## A Grand Vin de Champagne, sublimated by the absence of dosage

It is a blend of 60% Chardonnay and 40% Pinot Noir. A small proportion of the Chardonnay is vinified under wood.

The cuvée is mainly composed of the terroirs of Avize, Mesnil sur Oger, Vertus and Trépail for the Chardonnay. Aÿ, Verzenay and Ambonnay are the majority terroirs for the Pinot Noir.

True to the Barons de Rothschild signature, 40% of the wines are reserve wines.

The absence of dosage magnifies the essence, and nature of this wine. It is a delicate, mineral champagne, characterized by a great saline tension, giving rise to great depth in the mouth.

*« This Brut Nature cuvée represents the extreme purity that we seek in our wines. We have worked on the choice of terroirs, the maturity of the grapes as well as on the maturation in order to find a structure in the mouth that is sufficient in itself. »*

*Guillaume LETE, Cellar master*

Without artifice, this cuvée is the authentic expression of our champagne terroir. Its Craft packaging with natural colors, reflects the strictest respect for the terroir from which it comes.

*Recommended public price: 58€ TTC/ 62€ TTC with gift box - Technical sheet attached*
